

In Chapters 9-11 Paul is dealing the nation of Israel and the _____ that God made to them.

We know from the Old Testament that Israel was God's _____ people. (**Deuteronomy 7:6; Jeremiah 31:33**)

So, here's the problem that grieved Paul in the midst of His celebrating...if Israel was God's chosen people and Jesus came to save them (**1:16**), why did they _____ Him?
Does this mean that God's _____ to them has failed and if so, will His promises to us fail as well?

Paul was so distraught over the lostness of the Jewish people that he wished there was a way to _____ his salvation and be cursed if it meant the Jewish people would be _____. (**v.1-5**)

GOD NEVER FAILS! (v.6)

The Word of God has not, nor will it ever, _____!
We can completely _____ it!

So, who are the true chosen ones? (The true Israel)

Paul gives us two illustrations to show us.

1. Through _____. (Genesis 16-18) (v.7-9)

2. Through _____. (Genesis 25) (v.10-13)

God's choice had nothing to do with _____ they would do or not do either good or bad.

In summary, we have seen today that....

1. Being a true Israelite is _____ the same thing as being a physical Israelite.

So, God will keep all promises to His _____ people, the true nation of Israel.

2. God will also keep His promises to those He _____ today!

3. God chooses based on His prerogative, not on anything anybody _____ or does _____ do!
